

ClimaTalk Newsletter: April 2018 Updates from Climatech

A message from our President and CEO, Brad Taback:

It's hard to believe we're already one-third of the way through 2018 and as we move through the year we have so much to be proud of. Climatech received two awards so far - the American Standard Commercial Sales Champion Award and the Mitsubishi Ductless Diamond Contractor of the Year award. I would like to thank our Climatech team for always working so hard to put our customers first.

Giving back to our employees is important to us and our annual Employee Appreciation Event on March 3rd at Chartiers Country Club was a great success. Employees were entertained by Comedian Bill Crawford from the WDVE Morning Show making for a fun event.

We are also excited to announce that we have recently expanded our New Construction Division. We've partnered with Chiseled Homes to include providing Mechanicals on Tiny Houses in Pittsburgh.

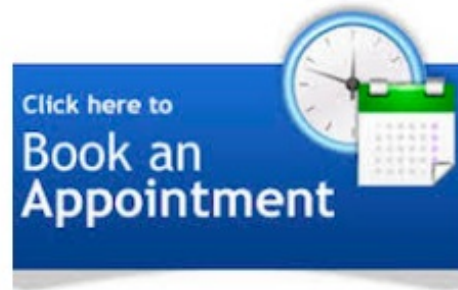

Keep reading for more updates, and we look forward to more growth and innovation throughout 2018.

Sincerely,
Brad Taback
CEO and President of Climatech
